

Asa

Miguel Milá. 1961
Table Lamps

SANTA & COLE

In 1961 this lamp was part of Miguel Milá's first collection for TRAMO, the company he founded to produce his own work in post-war Spain. He dabbled in a profession that he would later go on to master, that of a pre-industrial designer, as he likes to introduce himself.

Asa is built of a single, continuous tube. Lightweight, yet robust, the handle-shaped structure makes it easy to carry everywhere. Three visible elements that make up a whole.

General description:

White or black metal structure with matte finish.

White translucent methacrylate lampshade.

Switch incorporated into the luminaire.

Electric cable length: 3,2 m / 125.9"

Approximate weight (unpacked):

1,6 kg / 3.5 lb
